

Our Cabins

"The best cure for your cabin fever is one of our cabins."

Listen to the loons from your deck, or catch a glimpse of our resident bald eagles.

The pace is relaxing, nothing is crowded, and an immaculate, well-equipped cabin is your home for the week. Over 1,300 feet of shoreline and 24 spacious acres among the towering pines gives your cabin privacy and a great view of our quiet bay.

Wake up to a spectacular sunrise - spend the day on the lake with your family - kick back on your deck as steaks sizzle on your pedestal grill - fall asleep to the call of a loon. Life is good!

For the ultimate in peaceful relaxation, come visit us in the fall when the lakeshore explodes with spectacular colors and the fishing is sensational.

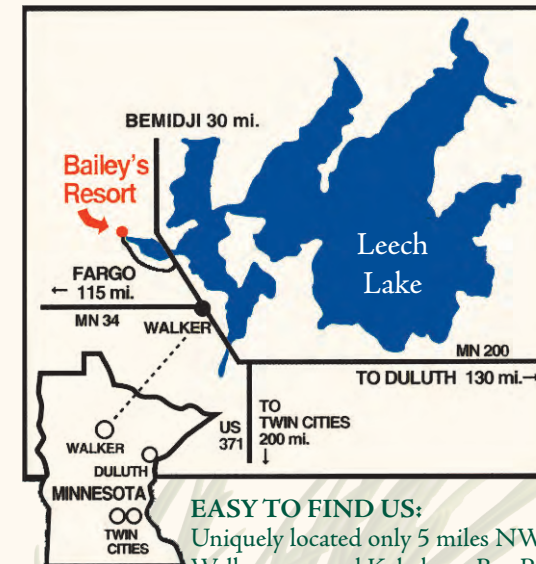

"The only thing we overlook is... Leech Lake."

Our protected, full-service harbor provides safe dockage for your boat and our fleet of Lund rental boats. A concrete ramp, electrical hook-ups, gas, bait and fish cleaning are all available to you. Everything you need for fishing and boating.

Feel your cares disappear as you drive into our lane.

Your vacation time is important to you - it's also important to us. Giving our guests a relaxing, enjoyable vacation is our number one priority. We hope that you will be our guest this season and make Bailey's Resort a family tradition for years to come.

Gone Fishin'

Fishing in our sheltered Kabekona Bay of Leech Lake means you can comfortably fish for all species, in any weather - even in a smaller boat. Or explore by water - for fish or fun - over 230 miles of shoreline (nearly 80% of it undeveloped) and many fascinating bays on this world-famous 112,000 acre lake.

Whether you're a professional fisherman, a kid after your first panfish or fall somewhere in between, Leech Lake has the fish you're after. Chase walleyes and northerns, hunt monster muskies, flip for big bass or have a blast with panfish and jumbo perch - you'll find them all right here. And best of all, you can fish for all of them within sight of our resort and we'll try our best to put you on the hot-spots with the hot-baits.

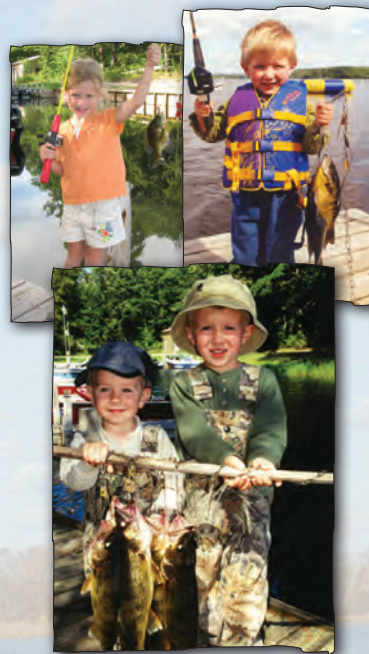

Few lakes offer multi-species fishing in the quantity and quality that are available to you here. Come and see for yourself why Leech Lake has earned its reputation as a fisherman's paradise.

Bailey's is the Leech Lake home base for many pros on the walleye tournament trail, including "Mr Walleye" Gary Roach.

Experience our spring & fall fishing for walleyes and perch... it's fantastic!

"The Walker, Minnesota area has the best multi-species fishing in the world." Al Lindner, In-Fisherman founder

Our fish and fishermen come in all sizes.
